FISCAL ANALYSIS

ASSUMPTION

Officials from the **Joint Committee on Administrative Rules**, the **Office of Administration - Division of Budget and Planning**, and the **Department of Revenue** assume this proposal would have no fiscal impact on their organizations.

Officials from the **Office of the Secretary of State (SOS)** stated that many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes this provision would have no impact on the state or on local governments.
